

New Life Bible Camp

Church Partnership

We have a desire to encourage spiritual growth in the youth of your church. Below are two options that can help you promote camp attendance.

1 *Pay a portion* of the camp fees for each child from your church. For example, your church might pay \$75 toward the camp fee of one week for each child. Parents would send their registration forms to the camp, and after receiving all of them, we will then invoice the church for the net total due on these campers.

2 *Pay the total* camp fee for children who attend your church. Parents would send their completed registration form to New Life. After receiving all the registration, we will invoice the church for the total camp fee.

Scholarship Program

New Life Bible Camp offers camper scholarships through the E.B. & Peg Donaldson Memorial Fund. If for any reason there is a child from your church or community who cannot afford a week of camp, have them fill out a camp registration form, check the "scholarship" box on the form and mail it to New Life. We will then send out a scholarship application form that they can complete and return.
